Project Description

Gender-related issues are crucial in our society, on our everyday life, and on everything related to people.
The youth exchange will gather 35 young people, youth workers, activists, volunteers from 7 European countries, with different gender policies and cultural frames, so as to promote and facilitate non formal education methodology about gender deconstruction and gender equality in a European level

Objectives

The aim of this youth exchange project is to encourage youth leaders, volunteers and youth workers to get familiar with basic terms used in discussion on gender related issues, participants will have the opportunity to learn about different ways to fight discrimination based on gender among the youth they come in contact with on a daily basis.
